

WHITEPAPER

SHIBEX
RIDE

ABOUT

Shibex Ride is a Jetpack Joyride inspired game. The game was designed in such a way where anyone can play it without training.

The aim of the game is simple, chose the arena you want to play. The entrance pass to participate on the arena will be paid in SHIBX. After chosing the arena, a transaction to confirm will pop up on your metamask. Once the transaction is confirmed you can start playing!. The players with the higher final score, will win an amount according to their final position.

TOKEN

A Decentralized GameFi
Token that Evolved into the
amazing IoTex Ecosystem

Shibex is the token that allows
you to play all the games
developed by the talented
Shibex Team

TOKEN UTILITY

When an arena is completed, $\frac{2}{3}$ of the bet goes to the winner, and $\frac{1}{3}$ to a burn address which will give more value to your SHIBX remaining in your wallet!.

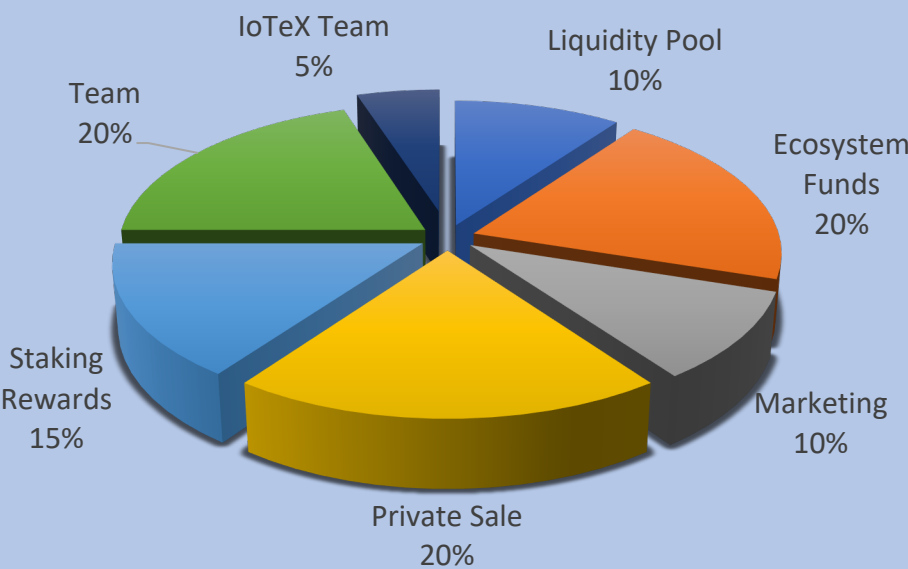

After 25% of the Shibex are burned, the 33% that usually went to a burn address will go back to the holders! Proportionally to the number of SHIBX that they own.
